

SAFETY WEEK 2024 – DAY 1

WE TAKE ACTION 4 OUR SAFETY

At KAEFER, "We Take Action 4 Our Safety" every day because we understand that safety is more than just a policy – it's a commitment to each other and to the people and moments that matter most in our lives. This Safety Week, we are focusing on why we prioritise safety in everything we do. By taking the right actions, we ensure that we all make it "Home Safe, to What Counts." Whether it's family, hobbies, or community, these are the reasons we stay vigilant and take ownership of our safety. Together, we can ensure everyone gets home safely to what matters most.

HOME SAFE, TO WHAT COUNTS VIDEO

In our Safety Week 2024 video, you'll see members of our KAEFER UK & Ireland team at work, embodying our commitment to safety every day. **"We Take Action 4 Our Safety"** because it's not just about the tasks we perform, but about what comes after – going **"Home Safe, to What Counts."** Whether it's enjoying time with loved ones, walking the dog on the beach, or giving back to the community, these moments remind us why staying safe at work is so important. This is what it means to come home to what counts.

MAGNETIC WHITEBOARDS FOR SAFETY WEEK 2024

Safety is KAEFER's number one priority – we want to ensure everyone gets home safely.

Every procedure, process or protocol followed, and every precaution taken has a purpose: to protect you from any injury or ill health that could affect not only you but also those who depend on you. It's about understanding that your job should never come at the cost of your health or your ability to enjoy life outside of work.

When you prioritise safety at work, whether this be following our Safe Systems of Work, completing your Safe Start prior to each task, or raising Safety Observation Reports, you're not just doing it for yourself – you're doing it for the people who are waiting for you at home and outside of work.

With this in mind, **we would like every employee to really think about 'What does safety mean to me?'** During Safety Week 2024 (23rd-27th of September) we want all employees to bring in photographs, pictures or items which represent the reasons why you want to get home safely.

This could be to give your children a cuddle or hear about their day; to enjoy a date night with your partner; to see your pet excited that you're home; to go to your local pub to see friends or taking part in your favourite hobby.

Each site will be receiving a wall mounted magnetic whiteboard, which is to be displayed in an area where all KAEFER employees at your location are able to take part.

During the week, as boards are filling up, you can send photos to comms.uk@kaefer.com to show the engagement and support from the workforce.

And after Safety Week, we would like all boards to stay displayed to show why safety is KAEFER's number one priority!

(There may be prizes for the sites with highest engagement!)

We hope you enjoy Safety Week 2024.
